BABY VICTIM OF AUTO ACCIDENT

Little Moore Girl, Granddaughter of Mrs. W. C. Pearman Here, Fatally Injured Saturday

Little Alta Belle Moore, elghteenmonths old daughter of Mr. and Mrs. P. W. Moore, of Baltimore, Md., was fatully injured in an auto accident on the Pineville road Saturday afternoon. The car in which the child, with its mother and other relatives was riding crashed into a wire fence about two miles below Excelsior, throwing the said in a speech at the meeting of debaby against a fence post and crushing ber skull. The child was rushed to the Brosheer-Brummett Hospital where she lived about an hour but never regained consciousness.

The accident took place about 2:30 o'clock. The baby with its mother, Mrs P. W. Moore, its grandmother, Mrs. W. C. Pearman, and aunts, Misses Lucy and Grace Pearman, was riding in a car driven by Henry Stacy. Stacy in some way lost control of the steering wheel and the car left the road heading for the fence. He put on the emergency brake to stop the car, giving it such a lurch that it struck the fence forcibly. Mrs. Moore was sltting in the rear seat with the baby ment being cut two hundred and fifty in her arms when the car came to a sudden standstill. She was thrown violently forward, striking her shoulder on the brace of the car, the baby's head at the same time striking a fence that he intended to be a hard task post, crushing her skull and cutting ber cheek severely. No one jumped from the car and all escaped injury the saving program. He warned that but Mrs. Moore and the baby. BUDGET DIRECTOR TELLS OF SAVINGS PROGRAM

Associated Press.

WASHINGTON, June 18 .- The Government has accomplished the task of living within its income the past twelve months and has accumulated a surplus of two hundred million in addition, President Harding partment heads and bureau and division chiefs constituting the government's business organization here today. He said further reductions would be made in expenditures the coming year. The President said this record was more important since the fiscal year was inaugurated last July with a deficit confronting the treasury of eight hundred and twenty three million dollars. To this signal achievement the President declared should be added the fact that in addition to wiping out the deficit and accumulating a surplus, the campaign for efficiency and economy had resulted in actual expenditures of the governsix million dollars below ordinary expenditures for the year ending last June 30. Brigadier General Lord, director of the budget, made it plain master for the officials who showed a disinclination to join earnestly in and therefore "play time" with Federal funds had passed. He cited a case where a federal employee with an elastic conscience took ten pounds of Government rubber bands and made them into a ball as a play thing for his dog. He added the man now has ample time to play with the ball himself.

LATONIA DERBY TO BRING OUT BEST OF 3 YEAR-OLDS

By Associated Press.

CINCINNATI, June 18 - While Laouia opened wide its gates to the lovers of horse racing June 5, yet the Latonia Derby, to be run here Saturday, June 30, is the outstanding race of the meeting and admitted by all to be only of interest. In fact many horsemen pronounce the Latonia classic as the real test of stamina nd speed combined, for the race is a quarter of a mile lon

ger than the Kentucky Derby, The race is at a mile and a half and will draw the very cream of the threevear-olds of the west and probably a

considerable number of eastern horses

Those who were familiar with the beautiful Mildale course found many changes upon visiting the track this summer. The stewards' stand has been moved from the outside of the track to a position in the infield to give these officials an unobstructed view of the entire course. Another innovation is the construction of a tunnel beneath the track near the paddock entrance. This was thought necessary as the old route from outside the track proper to the infield had a tendency to wear a hard footpath across the track in the very middle of the stretch and it was known to have caused horses on several occasions to lose their stride on hitting this hard surface .

A number of new stables have been added and the track can now accommodate 1,200 horses comfortably.

a glass of Salts if your Back hurts er Bladder troubles you.

No man or woman who cals too much meat can make a mistake by flushing the kidneys occasionally, says a well-known authority. Big meat eating may develop uric acid, which excites the kidneys; they become overworked from the strain, get shuggish and fail to filter the waste and poisons from the blood; then we get sick. Rheumatism, hendaches, liver trouble, nervousness, dizziness, sleepiness and urinary disor The moment you feel a dull ache in the kidneys, or your back hurts, or It the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four onness of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast, and in a few days your kidneys may act fine. This famous salts is made from the acid of granes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys; also to neutralize the acids in urine so it no longer causes irritation, thus often ending bladder weakness.

Jad Salts is inexpensive and can not injure; makes a delightful effervescent lithia water drink, which everyone should take now and then to help keep the kidneys clean and active and the blood pure, thereby often avoiding serious kidney complications.

FIERY, ITCHY SKIN QUICKLY SOOTHED BY THIS SULPHUR

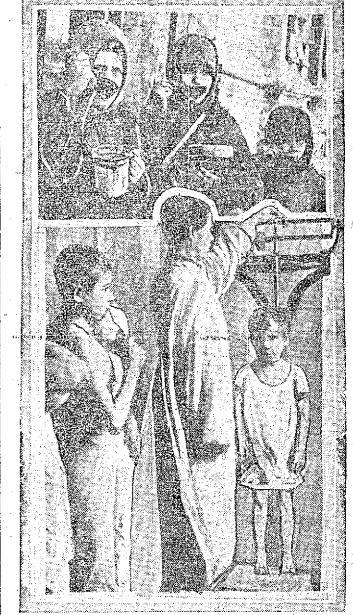

Mentho-Sulphur, a pleasant cream, will soothe and heal skin that is irritated or broken out with eczema; that is covered with ugly rash or pimples, or is rough or dry. Nothing subdues fiery skin cruptions so quickly, says a noted skin specialist.

noted skin specialist.

The moment this sulphur preparation is applied the itching stops and after two or three applications, the eczema is gone and the skin is delightfully clear and smooth. Sulphur is so precious as a skin remedy because it destroys the parasites that cause the burning, itching or disfigurement. Mentho-Sulphur always heals eczema right up. A Real Achievement in Dollar-for-Dollar Value

The thousands of Studebaker Light-Sixes in diply use are the best possible assurance of white may be expected next year-or several years hence-of the Light Six you buy today

For after all, the best was to judge a ner motor car is by what it has donehow it has stood up in service-the sat-1. fection it has delivered

We sincerely believe that the Light-Six Toming Car, with it improved allsteel hody, is the stundiest, handsomett most comfortable most acpendable and economical low-mired on built

The machining of all surfaces of the erinkshort and connectine rods, to which is lineely due its practical absence of vilation, is a practice used by Studebil conclusively on cus at this paice and is found only on a few other

cars whose selling prices are from three to ten times as high as the Light-Six

The one piece, rain-proof windshield with perking balits set in the base, is a not to the dir ei-nothing to mai his view of the road ahead Deep, fat cushions are upholstered in genuine leather Curtains bound on three sides by steel rods, open with the doors and provide closed car corness in had

The most reasoned driver will find a new thill in the smooth, quiet, steady performance of the Light-Six-and in its case of handling, and in the way it potentiams in high gear at low speedseliminating constant gear shifting.

The name Studebal et has stood for high grade transportation, quality, value and internity for 71 cars.

URGE DRIVERS TO SAVE ROAD SPACE

Presents Wins of the Auto Accidents

CONGESTION in the dewndewn districts of some of the little cities has grown to such a state of de part that AUTO AUCTION authorities are now seeling the comp eration of owners against wisherd road spece as a help toward relief

Don't waste the highway is the Prices Very Low and Siles Slow-By this is meant don't take up space

Which your cas actually decent cover Tor example in parling the correct method is to hin up as close to the Curb as possible that leaves all the rest of the roadway to moving whites But if the car is marked a font off the curb of a foot the length of the ent into

If the street hannens to be crowded with relicles going in both directions even this foot of waste may mem the crowding out of a line of autos amind further congestion of traffic

Angular Parking

This however is not so had as walk ing with the rear initial out into the street. Here there is a wasie not only of the space between the car and the carb but also that space which completes the rectangle formed by the curb and a paralled line servin along the ontermost edge of the parted on When a car coming along the road has to furn out to miss the parked - intoand the street is filled with vehicles a 3m easily follows

This sort of earelessness in pulling results in call to police court and possible fine in some cities

Not only in parking but in driving i there apportunity to sure the rordinar for others. The accompanying different shows how this is possible

a roadway wide enough for four vehi cles for example wastes the width of a whole can or a half on on each side Another running between the curb and the middle of the road uses ap chogh done space for two cars instead of only one Heavy Traffic

Of course this doesn't land er on open roads where one auto may turn out for another to pass with case Put where maffic is heart and slow where cars must run two or more abreast out our should not take up room chough to drift

crowd out another alongside The same contention of the traffic weighed two pounds and one onnec anthorities applies to turns and safety ty your makes it difficult for moving vendes to thin into it or for the don ble row of two to merge rate a single line through the zone. Therefore it is suggested that addition park is the back of the safety your as is possible

Besides it might save his helf front tender from being lumped In turning right, there is wish of

traight is the classes of those areas compared at chees in in the market. specific for the state reason. Care in Parking Conserves Roma and inter unit his litt preparted in to conven, the eversupply of fact to in erson, thus it your strught therefiner to the cusumer As cresult the ush cave planty for in 10 fees the refinerwould referre from lower without being obliged to then our to the one prices in order to get and of his sin left and cause further consession.
